

# FAILURE TO ENROLL TO PENALIZE BOYS

Neither School Nor Work for  
Lads of 16 to 18 Who Omit  
to Report To-morrow.

## NEW RULES ARE ISSUED

New York Military Training  
Commission Calls Atten-  
tion to State Law.

*Special Dispatch to The Sun.*  
ALBANY, Dec. 1.—Any boy between  
16 and 18 years old subject to the  
military training law who fails to en-  
roll for military training on Tuesday  
cannot obtain admission to school, if a  
schoolboy, or employment of any  
character, if a working boy, the State  
Military Training Commission an-  
nounced to-night.

When the boys enroll on Tuesday  
each one will receive a card similar in  
many respects to the card furnished  
registrants under the draft. This  
card must be exhibited to principals  
of schools and employers when boys  
within the military training age enter  
school or apply for employment.  
Without such a card a boy cannot  
legally attend school or engage in any  
employment, the military training law  
making it a crime for a school prin-  
cipal or an employer to admit such a  
boy to his institution or factory.

### Enrolment Regulations.

The Military Training Commission  
to-night issued these important sup-  
plementary regulations:

Boys attending boarding school or  
college are residents of the State for  
the time being, although they may be  
citizens of some other State or country,  
and are required to enroll.

Boys who live outside of New York  
state and attend day school or go to  
work daily in New York State are not  
residents and therefore are not re-  
quired to enroll.

Allens are required to enroll.

Boys serving in the United States  
Army or Navy are not required to en-  
roll. (Members of the Student Army  
Training Corps are members of the  
United States Army.)

A boy who is unable to report be-  
cause of physical disability will send a  
representative to the nearest public  
school house, which representative will  
report the boy's name, address, age,  
and reason for not enrolling. A cer-  
tificate of enrolment will be issued.

### State Guards Must Enroll.

Members of the State Guard and  
Home Defence Reserve are required to  
enroll.

Boys who are already training un-  
der the Military Training Commission  
are required to enroll.

Boys who have received recognition  
of vocational training or exemption  
from military training from the Mil-  
itary Training Commission, except for  
non-residence, are required to enroll.

Claims for exemption from drill are  
not made at the time of enrolment;  
such claims should be made later to  
the zone supervising officer, whose  
name and address appear on the  
certificate of enrolment which will be  
mailed to the boy.

### ENGINEERS TO HONOR SCHWAB.

Society Also Will Confer Members  
ship on Orville Wright.

Orville Wright and Charles M.  
Schwab will have honorary mem-  
bership in the American Society of  
Mechanical Engineers conferred upon  
them when the annual meeting is con-  
vened at the Engineers' Societies  
Building to-morrow night. About  
2,000 representatives of great indus-  
ties are expected to attend the three-  
days sessions. Mr. Schwab will make  
an address.

"Engineering Achievements of  
the Navy During the War" is a paper to  
be read by Lieutenant-Commander  
Cathcart of the Bureau of Steam En-  
gineering at the session Wednesday  
night, followed by naval motion pic-  
tures. "Engineering of Man Power"  
will be discussed and many addresses  
will be delivered on Thursday.

### WAR SHIFTS DEER HAUNTS.

Camp Devens Built on Former  
Stalking Ground.

Boston, Dec. 1.—War has driven the  
deer of Massachusetts from one of  
their favorite stumps. When the six  
days open season starts at sunrise to-  
morrow hunters who have been ac-  
customed to stalk the animals in the  
Nashua River Valley in the central  
part of the State will have to find a  
new objective, for what was once a  
great area of scrub growth is now the  
enrollment city Camp Devens.

Reports from towns a short distance  
away indicate that large numbers of  
deer have found refuge in woods not  
many miles away.

Spontaneously anticipate a leaner sea-  
son than for several years, a com-  
paratively scarcity of deer being re-  
ported by residents of rural districts.

### 8 CENT FARES FOR BOSTON.

One Cent Added to Subway, Ele-  
vated and Surface Lines.

Boston, Dec. 1.—An extra cent was  
added to the rapidly mounting cost of riding on street cars in this  
city.

Based by a deficit in operating rev-  
enue, the trustees of the Boston Ele-  
vated Railway put into effect to-day  
an eight cent fare on all surface, sub-  
way and elevated lines.
